Key Topics:

- Key systems for a successful practice
- Key strategies to grow your practice forward

Key Systems

1. Production – Daily, Weekly, Monthly, Annual
2. Collection – Net Collections, Accounts Receivables, Insurance
3. Scheduling for Success – Goals, Optimization, Doctor/Hygiene
4. The New Patient – Ideal number, Scheduling, Protocols
5. Treatment planning – Dollars diagnosed, Dollars accepted, Dollars scheduled, Healthy percentage

Key Strategies

6. AM Huddle

7. Team Meetings

8. Cross Training

9. Customer Service...the hidden gem

10. Continuing Education

AM MEETING - AGENDA

Each week, one team member facilitates meeting all week-that team. (This is rotated from team member to team member each week)

1. Yesterday's Schedule (what went right/what were the challenges)

- Dr/Assistants
- RDH/Hygienists
- Report on New Patient Exams-including hot buttons & personality styles(D-time, i-feelings and emotions, S-relationships and abrupt change, C-trust) & personality styles (DiSC)
- Report on Consults - including hot buttons (D-time, i-Feelings and emotions, S-relationships and abrupt change, C-trust) & personality styles (DiSC)

2. Today's Schedule:

Administrative:

- ID patient needs thru pertinent personal information
- New Patients, Emergency patients - any Hot Buttons (personality quirks known)

Assistants:

- Where do we want to see emergency patients today?
- Health concerns - ID BP readings needed etc.
- Does treatment plan for appointment confirm with schedule?
- Are all lab cases in?
- Identify any problem patients or procedures (sample: fearful, hard to numb, PIA-☺)
- Photos needed (think before and after-full face photos, photos for insurance-pre and post prep etc)
- Next Continuing Care appointment - scheduled, overdue?

3. Hygiene:

- Undone dentistry – need to schedule
- Other family members due

4. Marketing information:

All:

- Referrals asked for from previous day (ie; phone conversations, compliments from patients, consults and new patient visits) Any "missed opportunities"
- Identify NP referral sources – referred by: GP/Yellow pages or adv/patient/insurance

All:

- Who should we identify on schedule to ask for referrals from today?

5. Scheduling information

Administrative:

- Next available production block (one hour or more)?

6. Numbers

Administrative:

- Production to date, scheduled for month, dollars needed for goal, collection to date

7. Leadership statement

Doctor is responsible for leadership statement each day except for one day when the team member facilitating that week is responsible for giving it.

*****SAMPLE TREATMENT PLAN*****

Patient name

Date

Treatment Goals:

- YOUR ACCOUNT IS SERIOUSLY PAST DUE. PAYMENT MUST BE RECEIVED WITHIN 10 DAYS OR IT WILL BE REFERRED TO COLLECTION ATTORNEY (OR SEND REPLY LETTER)
- THANK YOU FOR YOUR PAYMENT!
- SPECIAL NOTE ON STATEMENT - SEE A/R REPORT

Staff Meeting Themes:

Week 1:

Each One – Teach One/ Cross Train

Each team member from one department trains another team member from the other department on an area to be cross trained. I.E. confirming appts: admin and re-sterilizing a treatment room: clinical.

Week 2:

Review monthly monitor and numbers. Go over entire month's numbers, identify trends and set action plans.

Week 3:

Continuing Ed. This staff meeting is reserved for learning new things, viewing videos, listening to tapes, attending seminars or hosting in-house seminars. Also can be reserved for companies to do lunch-and-learn to announce new products or to do Eaglesoft training etc.

Week 4:

Role play. Discuss common questions asked by patients or situations that present themselves and how to resolve them. Utilize the "Tough Questions, Timely Answers" handout in your leather binder to start.

Week 5: (happens about 4 times per year)

Attitude Adjustment Lunch!! Have fun, get to know each other better, celebrate your successes as a team!

Guidelines for Team Meetings:

Always have a plan

Never have a gripe session

Only bring up challenges if you have a possible solution to offer. Remember, your solution might not be the solution chosen...but it gets ideas going to resolve issues.

Cross Training ideas (Each one...Teach one):

Clinical:

Seating Patient
Pre-Op Discussion
Taking Diagnostic Films
Developing Diagnostic Films
Pouring Study Models
Preparing Case for Lab
Post-Op Discussion & De-brief of patient
Cleaning Operatory
Packaging instruments for sterilization
Re-sterilizing Instruments
Re-stocking room
Putting supplies away
General Assisting
Documenting Dental Visit

Administrative

Answering phone
Scheduling new patient
Scheduling hygiene appointment
Scheduling operative treatment
Financial arrangements
Collecting payments
Posting treatment
Posting payments
Determining Estimated Insurance Payment and Estimating Amount Due By Patient
Handling Objections
Asking for Referrals
Attending Consultation and Documenting Discussion
Ordering Office Supplies
Putting Away Office Supplies
Pulling Charts for Next Day
Filing Charts
Making New Charts

Statistics to Track:

- Productions: Total office, each provider
- Collections – goal: Collect 98% of adjusted production
- Adjustments – goal: Adjustments should be < 4%
- Accounts receivables – current and over 90 days
- Accounts Receivables % - Goal < 5% over 90 days old
- Outstanding Insurance – current and over 90 days
- Outstanding Insurance % - Goal < 5% over 90 days old
- A/R Ratio – should be < 1.5
- Current trend for A/R Ratio = < .75
- A/R Ratio Formula:
 - 1) Total together last 3 months gross production – now...divide total by 3 = average monthly production
 - 2) Divide total A/R by average monthly production = A/R Ratio

Example:

March Gross Production	= \$ 50,000
April Gross Production	= \$ 50,000
May Gross Production	= <u>\$ 50,000</u>
Total	= \$150,000 div by 3 = \$50,000

Total A/R = \$45,000 div by \$50,000 (Avg mthly prod) = .90

Translation: it takes less than one month (.90) to collect what's on books
