PRACTICE MANAGEMENT SERIES

Associateships: Navigating the First Years in Dentistry

- Associate contracts — negotiating a “win-win”
- Learn management skills from a veteran dentist with multiple offices
- Associate versus practice ownership
- Preparing for an interview for an associate position
- What to look for in an associateship

Thursday February 23, 2023

6:00 pm – 7:30 pm

Western University Schulich Dentistry, Room DSB 2016

Presenter:

Dr. David Meisels
General Practitioner
and ODA Member

Dr. David Meisels owns and operates several dental practices in the GTA. He is a mentor to new graduates seeking associate positions, opening their own dental practices or who have purchased existing practices. He is also a sought out expert on the business of dentistry giving annual lectures at UofT and UWO Faculties of Dentistry, leading talks for RBC's Healthcare Division and Scotiabank. Dr. Meisels served on the University of Toronto Faculty of Dentistry Continuing Education Advisory Committee.

Outside of his dental expertise, Dr. Meisels has acted as general contractor to build two of his dental practices and renovate a third one.

Dr. Meisels graduated from the University of Toronto Faculty of Dentistry in 1991 and is in good standing with the Royal College of Dental Surgeons of Ontario.
