SPEND AN EVENING WITH A PRACTISING DENTIST

**DR. JIM CHUNG
GENERAL PRACTITIONER AND ODA MEMBER**

Jim Chung is a graduate of Western University with degrees in Biochemistry and Dentistry (1991). He has practised in Northern Ontario and Vancouver as a solo practitioner and returned to Toronto in 2000 to be a partner in a multi-clinician practice in midtown. He also experienced being an associate in a variety of practices spanning the entire Golden Horseshoe before returning to solo practice a decade ago (fairviewmalldental.com).

He practises all facets of general dentistry with the exception of orthodontics and is particularly proud of his pioneering success at delivering full service dentistry to retirement homes on Fridays.

He has also worked for two years at the RCDSO in the capacity of investigative analyst for the division of Professional Conduct and Regulatory Affairs where they prosecuted the most egregious examples of dental malpractice.

Dr. Chung is also a photographer, astronomer, classic car and motorcycle restorer and author of several scientific papers and magazine articles and his second book was published last October.

Some topics of discussion will include:

Real-life work scenarios | associating vs. practice ownership | how to hire and manage staff |
increasing your patient base | work and family balance — and so much more...

Space is limited to 6 students.

CDSPI is pleased to help support
the ODA's Student Programs.
